This video gives an overview on the ruler, Asoka, of the Maurya Empire. The purpose of the film is to inform the viewers about the deeds that Asoka did for his empire while he was in power. The language makes it easy to understand the content of the video, and understand the history of this empire. Visuals are used to allow the viewers to become more engaged in learning and side jokes are used to keep the viewers' attention. Diagrams and charts are used to create visuals out of facts. The information is useful for this presentation because of how well the life of Asoka is explained. The video format creates a fun learning environment keeping the students entertained. The enhancement of the video to the projects allows for more indepth understanding of the topic.
